Strengthening Government Health Infrastructure and Needy community by providing essentialities to fight against covid-19.

The aim of the project is to strengthen government hospitals by providing medical & other essential items related to the Covid-19 mainly around the area where the presence of the company till it is required. The project is also aimed to provide the essential items to fight against covid-19 to the people who are in need. During the FY Steel Strips Wheels Ltd. has provided masks, sanitizers, Thermometers to tribal community of Govindpura area of Jamshedpur, District Singhbhum, Jharkhand, India. More than 5000 Population Benefited of this activity.

Empowering Slum Community by providing them basic essentialities i.e. health, education, food, electricity and health, Hygiene & sanitation.

There are two major community in India which still deprived for basic necessities of the life

and these are migrant labour and tribal community. People live in temporary shelters or huts in the area which is very bad in condition and could not be developed due to many reasons. This flagship

program of SSWL is for these needy community to provide them food, cloths, electricity through solar energy & safe drinking water initially.

During the FY In Jamshedpur, 9010 Food packet distributed among Tribal Community during Covid-19 and in Slum area Dappar, SAS Nagar, Punjab Biomass smokeless Chulah, cloths, food kits distributed among Slum people total 1500 people of 200 Slums get benefitted from these activities at slum area. Apart from that 01 handpump is also provided to slum community to provide the safe drinking water.

Ensuring environment cleanliness (cleaning of road, public places, schools, mechanize sanitation vehicle and installed portable toilets.

To ensure the environment sustainability SSWL has deigned the program in align with Swachh Bharat Abiyan of Government of India. Under this project the cleaning of roads, streets & drains of most vulnerable area of Govindpur & Patamda villages of Jamshedpur, District Singhbhum shall be cleaned and get the people aware about save the environment

by disposing the waste material or home waste material in bins with proper segregation. This program is running in Jamshedpur & Moonak, District Sangrur, Punjab. In Moonak same activities are being implemented to keep community green park clean. SSWL has engaged manpower to implement these activities.

Installation of CCTV cameras to minimize the risk of road accidents:

The main objective of this project is to minimize the risk of road accident in most vulnerable accidental prone area of Orgadam, District Kancheepuram, Tamil Nadu. Under this project 90 Cameras are installed in 45 different locations of Orgadam roads where mostly accident occurred.

Promoting Education by way of Strengthening most needy government Schools.:

Education is the base of life and most effective tool of empowerment. Major proportion of the population send their children to government schools due to poverty and other reasons. But there are many areas where the condition of government schools is not good. Schools are running under old or unsafe structure. SSWL has identified such needy government where basic infrastructure i.e. class rooms, playground, toilets, Boundary walls, Mid-Day-Meal kitchens and drinking water facilities are in bad conditions or not available. But during FY the activities could not be carried out due to outbreak of Covid-19.

Contributing to TATA Steel Zoological society for animal welfare.

Under this project to protect a Zoo Tiger at Jamshedpur, Jharkhand a financial help is provided to TATA Steel Zoological Society for daily diet of Tiger.

Financial Contribution to badminton players of Champa Devinder Dhingra sports Trust to promote nationally recognize sport, badminton.

Under this project financial contribution was made to Champa Devinder Dhingra Sports Trust to help financial weak badminton players of India for their skill and completion activities.

Renovation & Modernization of home for homeless Children (Through Palna Ghar Adarsh Seva Sansthan).

SSWL extended support to get renovate the building of homeless Children through Palna Ghar Adarsh Seva Sansthan at Jamshedpur, East Singhbhum, Jharkhand. Total 23 Children benefited from this activity.

Providing Medical Equipments to Regional Spinal Injuries Centre, Sector-70, Mohali.

To provide the better facilities for the patient suffered with spinal injuries. SSWL has provided medical equipments related to spinal surgeries to the society of Regional Spinal Injuries Mohali.

Emergency Medical Support

This program is basically for providing the emergency medical support to those poor patients who cannot get their treatment due to financial problem. In the FY SSWL got medical treatment of

Mr. Prakash Singla who was suffering with sever health problem at Fortis Hospital Mohali.
